

### Whole Grain Round Tortilla Chips

Our whole grain tortilla chips are made from stone milled ground whole corn, and then prepared in cholesterol-free, pure vegetable oil.

This whole grain, thin, crispy chip serves as a snack or in combination with a variety of popular menu items. Tortillas with assorted dips or with melted cheese become the base of the popular Nacho appetizer.

- Authentic texture and appearance
- “Stone-ground” corn for better flavor
- Just heat & serve to increase the fresh Whole Grain taste
- Convenient bulk packaging
- Popular round shape
- Gluten Free

Tortilla chips offer a “nutritional” and affordable alternative for schools and stadium concession operators. Tortillas maintain their freshness longer and have a sturdier consistency than bulk potato chips.
